# Physical Reality Is A Spiritual ( Evolutionary ) School!

*P*hysical reality is a school!...  
Where we go to learn about how infinite we are!  
By having to use our ( unlimited imagination! )  
to overcome all artificially imposed limitations!

Yet early on... many abandon their unlimited  
imagination... thus forfeiting their opportunity  
to discover how unlimited and magical they are!

## “Unlimited Divine Imagination”

Instead they exchange their unlimited divine  
imagination... for limited man made beliefs.... and  
are proud of their limited opinionated beliefs... it  
is these souls... whom are hopelessly dependent  
upon the matrix... and will even fight to defend he  
very false system of reality... that enslaves ones  
own eternal unlimited divine everlasting magical  
imagination! & infinite consciousness!

We must realize ... That ***every soul is where they need to be***... and is in exact correspondence to ones own state of consciousness / or / level of awareness.

---

**Currently on earth there are  
3 main groups of souls!**

---

**1**

**The Asleep:**

Extreme Materialism!  
Service To Self!  
Deceptive!

**2**

**The Awakening:**

Empathy For Others!  
Personal Growth!  
Semi Honesty!

**3**

**The Awakened Souls:**

Embodying Divine Conscious Self Mastery!  
Service To All Of Creation!  
Total Honesty!

**Never Give Your Power Away!  
To Anyone! ~ To Anything!  
To Any Circumstance!  
To Any Event! ~ Ever!**

---

*H*ow do we know when and where we are giving away or leaking...our own natural unlimited power!? There are many ways... in which people give away their own personal power... in each and every moment.

---

One has given their power away... to a thing that one fears! ~ A circumstance! ~ A person! ~ or ~ an event that one fears! ~ 99% OF FEARS! ~ **ARE IMAGINED THREATS! ~ FROM THE FUTURE OR PAST!** ~ Perhaps multiple combinations of each!? ~ Many of us have dozens ... hundreds...or even thousands of micro fears! ~ It could be as simple as.. avoiding phone calls from a particular person! ~ Because you fear / assume / imagine / what they may have to say to you! ~ That right there! ~ Is giving away natural unlimited powers!

By constantly being aware and mindful, of what you are thinking, imagining, and feeling at all times! You can identify your power energy leaks! (Big Fears! & Micro Small fears!) You can remove them... by realizing that these fears, "ARE NOT" directly attacking you in this present moment!

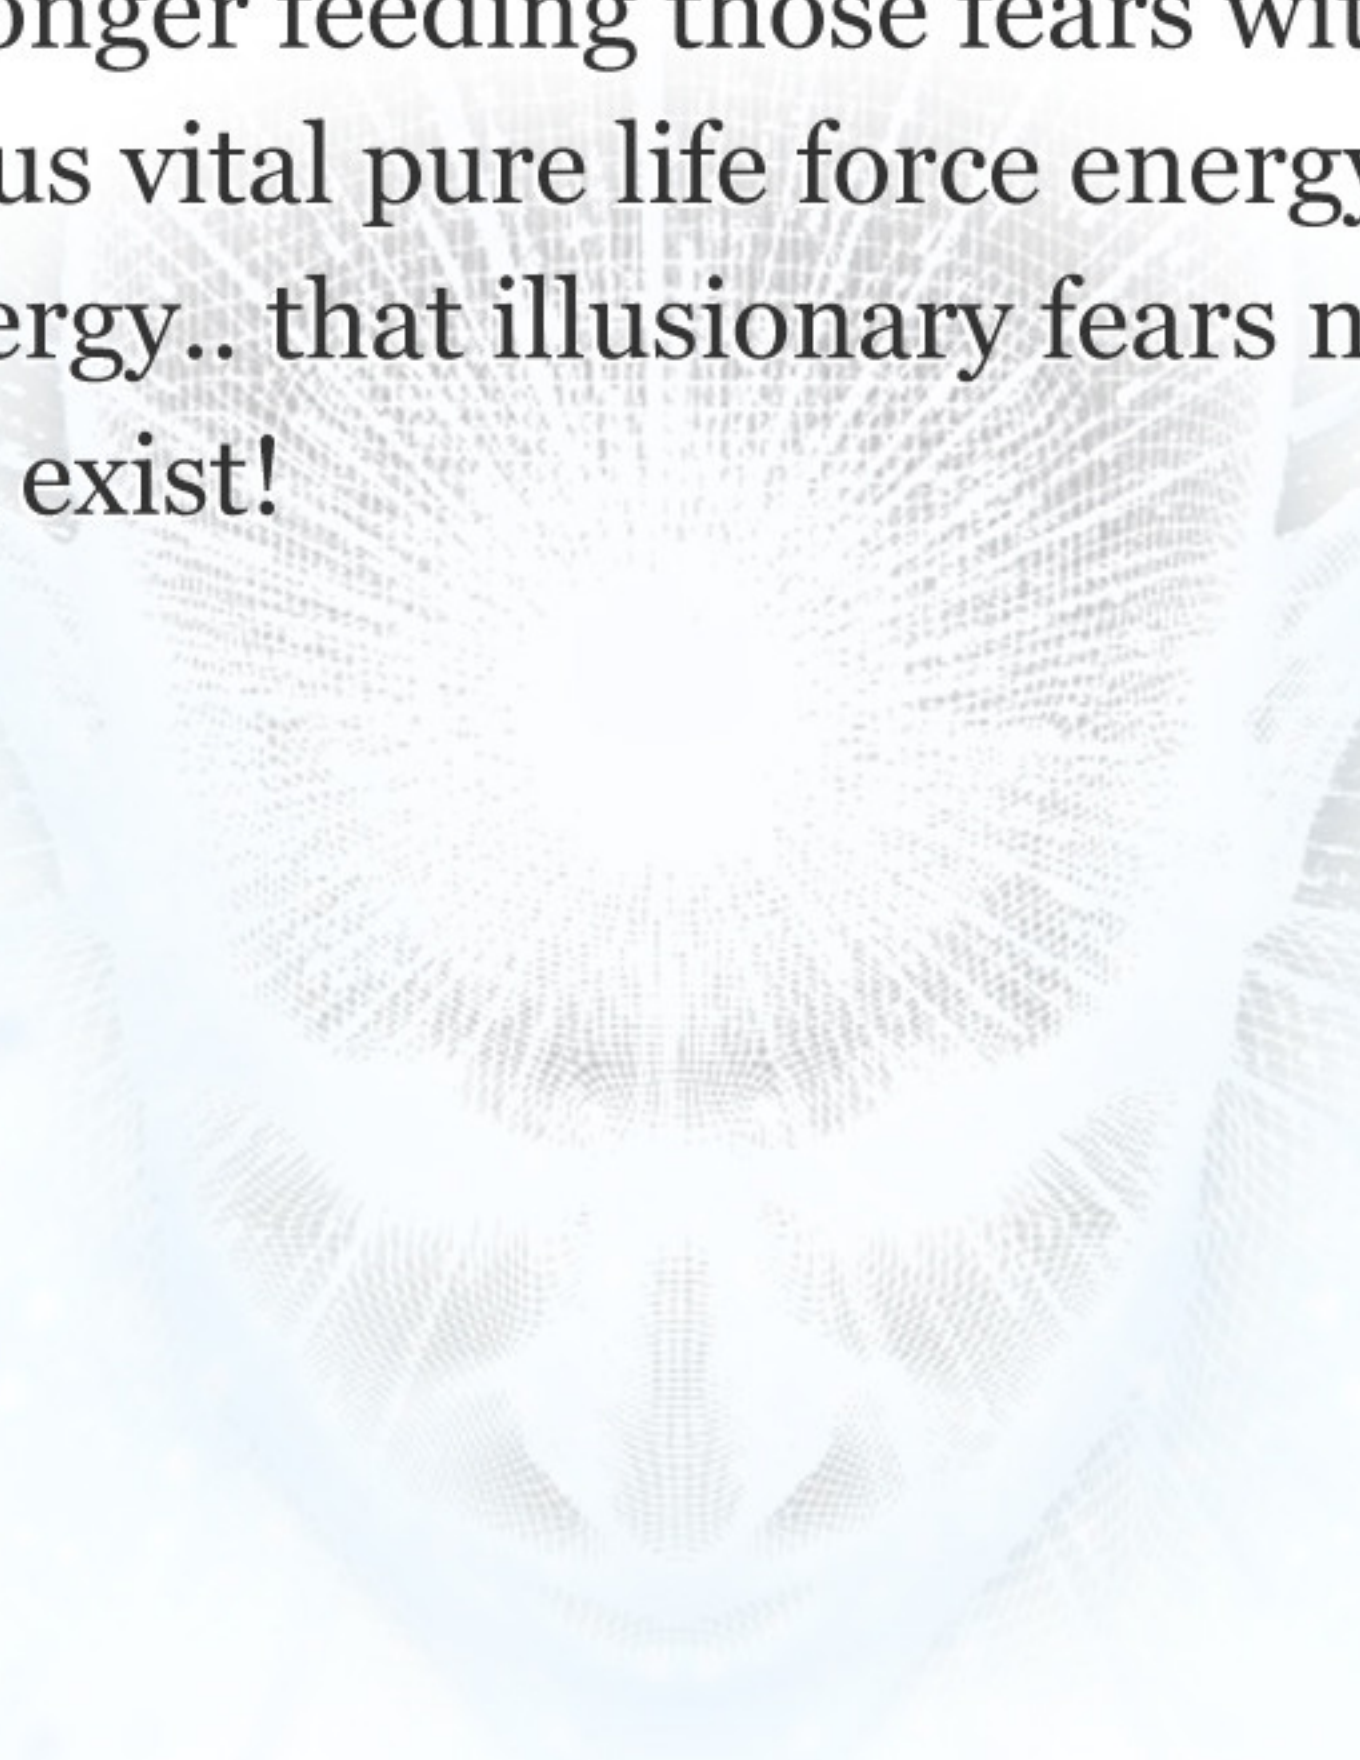

## **“Fears Are Imagined Threats!”**

You are merely repeating a video clip of fear in the window of your mind! ~ Always repeating these scary images in your mind / imagination! ~ Yet if you observe with your physical eyes!~ No threat is actually there! ~ Thus!...There is no literally no direct threat to you! ~ There is no direct threat to you... when your attention is focused on this exact present moment! ~ However... when you let your attention wander to the past or future!~... Then you are trapped into the illusion of imaginary fears! ~ And Superstitions!

**You can successfully leave the illusion of fear behind...** by seizing control of your imagination!

**Training your imagination to be "Always creating and observing in the now present moment!"**

Rather than being a slave, to information of the past or the future! ~ As soon as you lose interest in paying attention to these non-immediate threats (of the past or future fears?) ~ Then they will just go away! ~ They will go away, because you are no longer feeding those fears with your own "precious vital pure life force energy!" ~ Pure life force energy.. that illusionary fears need to survive, and exist!

# Deep Mystical Wisdom From Beyond All Beyonds!

*A*ll physical objects / persons / places / and things! ~ **Are merely "temporarily" on loan to us!** ~ Directly from source! ~ The "All knowing intelligent universe itself!" ~ The universe / source / can recall items at any moment! ~ This is the law of impermanence!

*We don't get what we want!  
We get what we need!*

The only way... that we get what we want!? ~ Is when we "truly realize!"... That **we already have everything we need!** ~ This way... you are not vibrating / radiating / a frequency of lack / worry / or desperation! ~ That will in return "repel" what you truly want... away from you!

Those whom are not content?... With what they currently have!? Will not be content!... When one gets!... What they say they want!

---

The only thoughts... that you (personally) are afraid to change!?!... Are 100% lies! ~ This is Because... **"The Truth Never Fears Change!"**... The Truth Is Always Timeless!... Fearless! / Unconditional Loving! ... And Unbound!

---

You never! Ever!  
Need to achieve balance!

You only need to!  
Let go of unbalance!

For 100% perfect balance!  
Is our natural resting state!

Thus you can never be lost!  
You can only be unbalanced!

## *How does one create unbalance!?*

---

When we are dishonest with ourselves!~ Then we know we cannot trust ourselves! ~ And Because we cannot trust ourselves? ~ Then we cannot love ourselves! ~ Thus we look at ourselves with contempt! ~ Then that voice in the head arrives on the scene!... and starts to torment you! ~ Because that voice... is literally the voice of your own dishonesty & lies!... Talking back to you! ~ That is the voice... that does not know itself!... And is looking for answers! ~ Everywhere! ~ But inside of yourself! ~ Yes! ~ It Is all you!

## *Why is it that disharmony cannot see perfection / truth!?*

---

Because Dis-harmony Is "Untruth" Itself! ~ This is true! ~ Because "the truth" is always harmonious! The truth always balances out any untruths! & disharmonies! ~ The Truth Always Resets All Accounts... Back To Zero! ~ A Fresh New Clean Slate!

# The Process of Awakening To Personal Self Mastery!

---

*W*here is the limitation in your life!? ~ Other than a thought telling you, that you are limited! ~ And then you... not being able to move past that thought?

- If you are afraid to challenge your own thoughts!?
  - Then you are afraid of reality!
  - And More importantly!... You will be afraid of anything new!
-
